5:30 -6:00 pm dinner
6:00 – 7:00 pm games and activities

Haley

December 11th

5:30 -6:00 pm dinner
6:00 – 7:00 pm games and activities

Need help getting your child to become more fluent with their math facts?

XtraMath evaluates and then supports your child in gaining automaticity in their math facts through a series of activities and drills. Our students get so excited to see their progress as it is charted after each session. Visit www.xtramath.org and log in using your child's username and password. Ask your child's teacher if you are unsure of the password. Get the XtraMath App on your iPad or iPhone.

Your Math Facilitator Mrs. Williams can be reached at:
margaret.williams@whschools.org

K-4 Current Units of Study

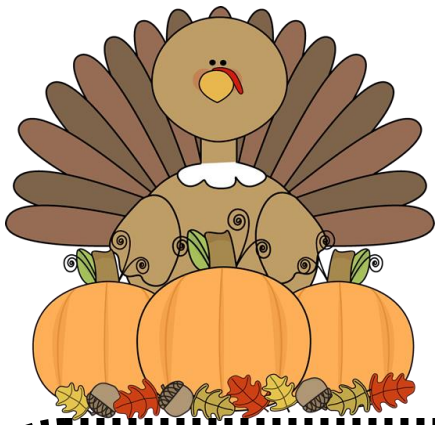

K – Unit 3: Counting and Matching Numbers 11-20
