You may have heard your 3rd or 4th grade child talk about the Smarter Balanced Test that is taking place this month. The teachers and I have done some model lessons to help them navigate the test site and to review test strategies so they would not be nervous. The students have been using the computer often for lessons in math, reading and writing, and are quite comfortable with this method of testing. They have been learning all the skills needed throughout the school year on a daily basis, not just for this test, but for the rest of their lives. To keep helping your child, please make sure they are getting enough sleep, having breakfast at home or school, and having a positive attitude.
Math Data:

Kindergarten Unit 7&8: Identify, Describe, & Compare 2-D and 3-D Shapes: 100% at Goal

Grade 1 Unit 6: Partitioning Circles & Rectangles 100% Goal

Grade 2 Unit 7 Linear Measurement 93% Goal or Proficient

Grade 3 Unit 7 Understanding Fractions 100% Goal or Proficient

Math Fun

Kindergarten students displayed geometric solids around their room.

First graders enjoy a puzzle game with math facts in the math lab during SRBI.
Upcoming Events:

Feb. 6 – Coupon Books were due back – please get book/orders returned
Feb. 12 – 20 – Book Fair
Feb. 12 – 20 – Play Tryouts after school
Feb. 13 – Spirit Day – Crazy Valentine
Feb. 16 – No School
Feb. 19 & 20 – Early Release – Conferences
Feb. 19 – 23 – Miss Brumm will be out

Symphony Data
Students have completed their spring symphony benchmarks this month. All grades showed improvements from the fall testing session.
