

# THE NUMERICAL TIMES

West Haven Public Schools  
West Haven, CT  
[www.whschools.org](http://www.whschools.org)

October 2014  
Haley & Pagels Edition

# Happy Fall!

Remember to your calendars for the upcoming Math Nights. **We can't wait to see you there!**

### Forest

December 3  
7:00 - 8:00pm

### Haley

December 11  
5:30 - 7:00pm

### Mackrille

November 6  
6:30-7:30pm

### Pagels

December 8  
5:30 - 7:00pm

### Savin Rock & Washington

December 2 at Savin Rock  
5:30-7:00pm

Our math program is in full swing. Your children should be bringing home nightly math homework including math facts to study. Each month we will keep you updated on the current units of study. If your child is having any difficulties please attach a note to your child's homework paper so the teacher can address it. Remember you can also visit the Pearson website [www.pearsonsuccessnet.com](http://www.pearsonsuccessnet.com) to obtain additional explanations of the lesson taught in school. Accessing Pearson will let you and your child(ren) view the digital portion of the daily lesson. You can look at the "newspaper" or child's book and/or watch the digital lesson as many times as you want! There are lots of other features to help and enhance student learning. Be

sure to check it out!

Student usernames and passwords are as follows: **Kindergarten:** kstudent1415 math1234

**First grade:** 1student1415 math1234

**Third grade:** 3student1415 math1234

**Fourth grade:** 4student1415 math1234

**Third – Unit 1:** Understanding Multiplication and Division  
Starting **Unit 2:** Connecting and Using Multiplication and Division

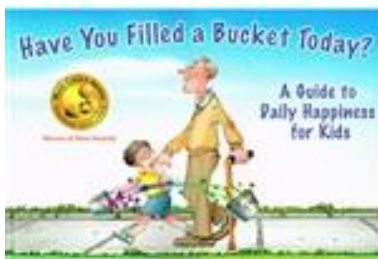

**Fourth - Unit 2:** Understanding and Using Place Value to Multiply and Divide

### Symphony Math

Haley School 4<sup>th</sup> graders have been a great help to our Kindergarten students who are just learning how to use the Symphony program. They have been helping the students log in, and giving them technical advice on how to use the program. This has been a great time saver for everyone. The Kindergarten students are getting much more time on the computer this way. I see some future teachers in some of our fourth graders!! They are very patient and helpful.

Thank you to my 4<sup>th</sup> grade Bucket Fillers!

### Math Riddles!!

(Answer next newsletter)

Why did the student do multiplication problems on the floor?

**Last Week's Riddle: What has a face and two hands but no arms or legs?  
(A clock)**

### Pagels Welcomes New Math Tutor

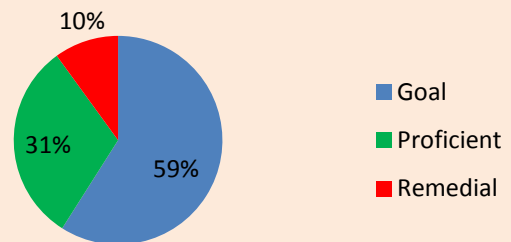

Pagels is happy to welcome our new math tutor Alicia Glagowski. Alicia is a former 4<sup>th</sup> grade teacher at Mackrille School. She will be giving math assistance to students in grades 1 – 4. Mrs. Glagowski is equally thrilled to be working with us at Pagels. “This is my dream job, I just love working with children”, says Mrs. Glagowski. We all love having you here too!

### Fourth Grade News

#### Grade 4 Unit 1 CA

Fourth grade students at Haley and Pagels schools have completed their first math unit on factors and multiples. They have a lot to celebrate as our graph reveals. 90% of our students were proficient or above. Keep up the good work!
